NOVEMBER 1 THRU DECEMBER 17

"Ex Tax" $.1456311 15¢ "Sales Tax" $.0043689

## DAILY DOUBLE RULES

(a) Only one Daily Double will be permitted during any single racing program.

(b) If no ticket is sold combining two winners of the Daily Double, the pool shall then be apportioned equally between those having tickets including the winner in the first race of the Daily Double and those having tickets including the winner in the last race of the Daily Double.

(c) If no ticket is sold including the winner of the first race of the Daily Double, then the entire pool will be paid to the holders of tickets which include the winner of the last race of the Daily Double.

(d) Likewise, if no ticket is sold including the winner of the last race of the Daily Double, the entire pool will be paid to the holder of tickets which include the winner of the first race of the Daily Double.

(e) If no ticket is sold including a winner of either race of the Daily Double, then the pool shall be paid to holders of tickets which include the horses finishing second in the two races of the Daily Double.

(f) If no ticket is sold that would require distribution of the Daily Double pool to a winner under this rule, the Association shall make a complete and full refund of the Daily Double pool.

(g) If for any reason the first race of a Daily Double, and/or if for any reason the second race of a Daily Double is cancelled and declared "NO RACE," full and complete refund will be made of the Daily Double pool.

(h) In the event any horse or horses in the first half of the Daily Double should be excused by the Stewards after the horses shall have left the paddock, for the post, or after the betting on the Daily Double has been closed, or should any horse or horses in the first half of the Daily Double be prevented from racing because of the failure of the stall doors of the starting gate to open, the money wagered on any horse or horses so excused or prevented from racing shall be deducted from the Daily Double pool and refunded to the purchaser or purchasers of tickets on the horse or horses so excused or prevented from racing.

(i) Should any horse or horses be scratched, excused by the Stewards, or prevented from racing because of the failure of the stall doors or starting gate to open in the last half of the Daily Double, all tickets including such horse, or horses, shall be deducted from the Daily Double's pool and the pool or pools, thus formed, shall be distributed as a straight pool or pools to the holders of tickets combining the winner of the first half with the horse so prevented from completing the Daily Double. If no ticket is sold combining the winner of the first half with the horse so prevented from completing the Double, the pool, formed as above provided, shall be distributed as a Straight Pool to holders of tickets combining the horse finishing second in the first half with the horse prevented from starting.

(j) Entries are coupled in Daily Double wagering. No field horses allowed in races comprising the Daily Double.

(k) Before the running of the race comprising the last half of the Daily Double pool, there shall be posted in prominent places in the pari-mutuel betting areas the pay-off of each combination coupled with the winner of the first half of the Daily Double.

(l) If a DEAD HEAT should result in either the first or second race of the Daily Double, the total pool is figured as a Place pool.
Example, should Number 8 and 3 dead heat in the first race of the Daily Double, and Number 3 win the second, the pool would be divided and apportioned to tickets bearing numbers 8 and 3, and numbers 3 and 3.

(m) In the event of a dead heat in the first half of the Daily Double, all prices would not be posted until winning combinations have been determined.

(n) The Daily Double is not a parlay and has no connection with or relation to the pool shown on the totalisator board. All tickets will be calculated in an entirely separate pool.

(o) Positively no exchanges of tickets will be made after purchaser has left the sales window.

(p) Retain your ticket until Official Result of Daily Double has been posted. Tickets altered, torn or mutilated will be void and worthless.

(q) Each Association conducting a Daily Double pool shall print the foregoing rule in its entirety in its daily program.

POSITIVELY NO TICKETS EXCHANGED

## PATRONS ATTENTION!

### STALL GATE

If the doors at the front of the stall gate should not open when the starter dispatches the field, thereby causing a horse to be left, the tickets sold on such horse will be redeemed and their value deducted from the pool. If one horse of an entry or one of the horses grouped in the field should leave the stall gate, there will be no refund on the entry nor on the field.

### MUTUEL TICKETS

Do not destroy tickets until results have been declared official. No claims will be entertained for tickets thrown away or destroyed. Torn and mutilated tickets for which claims have been made and approved will be paid for at the close of the meeting. Claims filed after the close of the meeting must be approved by the California Horse Racing Board. All claims should be made at the information window within thirty minutes after the race is run.

Pari-Mutuel ticket sellers will be enabled to serve guests more rapidly if TOTE tickets are called for by Program number.

A warning signal will be sounded five minutes before Post time.

### PREVIOUS DAY'S TICKETS

Previous day's outstanding tickets will be paid before the Fifth Race by cashiers on the Grandstand Main Line.

Please purchase Mutuel Tickets early. The Tanforan Company, Ltd. assumes no responsibility for transactions not completed before the TOTE machines are locked. Your cooperation in having the exact change ready when purchasing tickets will be appreciated.

Please be sure that the number on your TOTE ticket corresponds with the number on the program. Mistakes cannot be rectified after leaving window. These machines are locked by the Stewards at the start of the race and no exchanges can be made thereafter. While every effort is made to avoid mistakes on the program, The Tanforan Company, Ltd., assumes no liability to any one for errors.

### SPECIAL NOTICE

Information windows are provided throughout the Mutuel Department where written suggestions or complaints regarding its operations may be made.

If, while wagering is in progress, a horse should be excused by the Stewards, the tickets purchased on the horse so excused are redeemable at their cost value, such amount being subtracted from the pool; provided that, after the start, there shall be no refund.

When two or more horses are grouped in field or entry and only one starts, no refund will be made on the non-starters.

Should a show pool be declared off, after the purchase of "TOTE" tickets, refunds will be made on all show tickets as well as the show portion of all $6 and $15 combine tickets.

Rulings of the Stewards or the California Horse Racing Board with regard to the order of finish or award of purse money, made after the result has been declared official, shall in no way affect the mutuel payoff.

### MORNING LINE

The Morning Line or probable odds which appear in the program and on the Mutuel Board are posted for the information of patrons. Tanforan Company, Ltd., assumes no responsibility for the reliance thereon by any patron.

### DEAD HEATS

In the event of a DEAD HEAT, the division of the WIN pool will be the same as that of a PLACE pool, that is: one-half of the profits to each of the two horses figuring in the DEAD HEAT.

In the event of a DEAD HEAT for Second Position, the division of the PLACE pool will be as follows: one-half of the profits to the winner and one-quarter of the profits to each of the two horses figuring in the DEAD HEAT for Second Position.

In the event of a DEAD HEAT for Third Position, the SHOW pool will be divided as follows: one-third of the profits to the horse finishing FIRST; one-third of the profits to the horse finishing SECOND; and one-sixth of the profits to each of the horses finishing in the DEAD HEAT for Third Position.

### ENTRIES

Horses grouped in an entry run as one horse. Example: Horses No. 1, 1A, 1B, are all represented by Ticket No. 1.

All horses in the field are represented by Ticket No. 13.
